ATTRACTED BY FAIR

More Than 10,000 Entries for Chickens of All Kinds Received.

BIG CONCRETE POOL ADDED

Gives Show Place for Water Fowl. Navy Exhibit Has Been Shipped. Displays Arriving by Every Train.

Poultry fanciers will have much to interest them in the Poultry Department at the Virginia State Fair next week, October 11-16. Besides the more than 10,000 entries for chickens of all kinds, there are entries made for all varieties of ducks and geese. While the specially constructed concrete pool adjoining the poultry building will be filled with every variety of water fowl. Hereafter the ducks and geese are exhibited in coops, the same as chickens, but this year, through a clever idea of Superintendent Riddick, the waterfowl will show to advantage in the large concrete pool.

Word was received from the United States Navy Department, yesterday, that the navy exhibit had been placed in the freight office and it is expected to arrive by tomorrow. Workmen will immediately unpack the exhibit and give it a good location in the Administration Building.

ADMINISTRATION BUILDING

SCENE OF ACTIVITY

The Administration Building and the other exhibit halls at the Fair Grounds are scenes of activity. The fair grounds are busy erecting new and attractive booths for the various exhibitors, and some of the booths will be exceptionally attractive this year. Among the displays in the Administration Building will be the automobile show, many local dealers having reserved space for showing cars and accessories. Every express and freight train entering Richmond is bringing packages of boxes, from persons scattered throughout the State who have entered articles in the various departments. These are carefully labeled, a ticket made out in duplicate, one attached to the article and the other sent by return mail to the exhibitor, so that all articles can be promptly and properly claimed at the close of the exhibition.

COACHES TRY TO IMPROVE VIRGINIA'S OFFENSIVE

CHARLOTTESVILLE, VA., October 5

Virginia's varsity eleven spent an afternoon this morning in a drill, the day's work concluding with a fifteen-minute scrimmage, the principal aim of the coaches being to improve the offense which, while not what it should have been in the Yale game.

All of the regulars were in uniform today except George Wayne Anderson, who is taking a Rhodes scholarship examinations. Should the honor fall to Anderson, Virginia would have three football men studying abroad at the same time. Ray, full back on the 1913 team, and Bobby Gooch, last year's quarter back, are now in London. Stuart, center, and this year's team and who figured prominently in the victory over Yale, held a Rhodes scholarship for three years.

The football squad continued to grow, the latest addition being McWane, center on the Fishburne School eleven, which easily won the prep school championship of Virginia last season. The newly-organized freshman team, which recently defeated Jefferson School, 62 to 0, practiced in a hot scrimmage with the seniors in preparation for Saturday's contest with Fishburne in Waynesboro. Other games have been arranged with Woodberry, Staunton Military Academy, Augusta Military Academy and the Navy "Plebes" at Annapolis on November 10. Contests are also pending with the North Carolina and Tennessee freshmen eleven. Among the members of this squad are younger brothers of Captain Coleman, White, and Stuart, of the varsity team. Wagon, knight of the West Philadelphia High School, of the Episcopal High and Jackson, of McGuire's, former stars at their schools.

SHIFTS BACKFIELD

Sweetland Returns to Left Half on Washington and Lee Eleven.

(Special to The Times-Dispatch.) LEXINGTON, VA., October 5.—When the Washington and Lee varsity eleven was lined up for signal practice this afternoon, Coach Elcock shifted the backfield. Fred Sweetland returned to left half, while Johnny Barrett continued at the other half. Young remained at quarter. With this switch the personnel of the backfield is expected to remain unchanged for the remainder of the season.

This approaching game with Marshall on Saturday is expected to be a tight let-up just before the V. P. I. game. Coach Elcock will continue to subject his men to grueling conditions, as the varsity seemed slightly weakened in the last quarter with Wesleyan. New plays have been distributed to the freshmen, who will begin to prepare for the V. P. I. immediately. Two scrimmages are expected this week.

YELLOW JACKETS BUSY

Ashland Squad Goes Through Regular Practice, With Exception of Scrimmage.

(Special to The Times-Dispatch.) ASHLAND, VA., October 5.—The Yellow Jackets' football squad, having returned from their game with V. P. I. on Saturday, were out yesterday and went through the regular practice, except for a scrimmage. Coach Reiss was fairly well pleased with the game against the Tenthers, really not indicating the fight the Jackets put up against a team with prospects far ahead of any team the V. P. I. has turned out in recent years.

Several new men reported for practice yesterday. Reiss was glad to see the new-comers, none of whom have had much football experience, but all should make good. A couple of new backs, with the scrubs, in preparation for the game with the Tenthers, were forced to shift some of the second-year ends to the backfield. The new men who reported are Richardson, Vandergrift, Rosenberger and York.

A big guard, weighing over 200 pounds, named Chislett, who hales from Maryland, is playing a good game for the second team.

With the games with the University of Virginia and V. P. I. played, the Jackets will now come to the University of their own class, Piker Hughes' Theodora will come to Ashland this Saturday.

RAIN INTERFERES WITH STATE TENNIS TOURNAMENT

Prevents Early Play, but Does Not Cause Total Postponement of Games.

(Special to The Times-Dispatch.) NORFOLK, VA., October 5.—While the rain prevented an early start today in the second day of the championship tennis tournament, it did not cause a total postponement. Afternoon a local play matches of the afternoon were eliminated. Charles McIntosh falling before Irving Wright, the Boston crack, Wright won in two straight sets, but the game was much harder fought than the bare scores, 6 to 0 and 6 to 0, would indicate. In the other match Paul Treaner, the crack of New York, played, disposed of Ware Merriam, the Hartford, Conn. entry, in two straight sets. The first set required twelve games, and sparked with brilliant tennis, before Treaner got the decision by a 7 to 5 score. The next set was easier for Treaner, the score being 6 to 3.

SETTLERS BUY 49,011 ACRES AND EXPEND \$1,288,811

Interesting Report Is Filed by Industrial Department of Chesapeake and Ohio Railway

During the fiscal year ending June 30, the industrial department of the Chesapeake and Ohio located 49,011 acres in its territory, principally in Virginia. These settlers purchased 49,011 acres of land from private parties and invested \$1,288,811.

The activity of the industrial department of the road is one of the interesting features of a letter prepared by R. H. Sneed, manager of express traffic, for Howard K. Hollister, of a New York magazine, who requested President Stevens to give him data regarding co-operation between the railroad and the public.

Through the efforts of the industrial department sixteen manufacturers of farming implements and farm products, fifteen manufacturers of lumber products and thirty manufacturers of mineral, metal and other products were located along the lines of the Chesapeake and Ohio. The department keeps in touch with Chambers of Commerce and other commercial organizations along the road, and co-operates with these agencies at every opportunity.

Attention is called to the assistance given alfalfa clubs and boys' corn clubs and to the elaborate agricultural exhibit which the railway has at the Virginia State Fair each year, and which is later placed on exhibition in Eastern and Western cities.
